The Faces of Christ retreat is a unique three day experience that has the potential to change your life in a significant way. It has for scores of others. Since 1996 hundreds have attended.

Here's what these participants had to say:

Faces of Christ was a deep, soul enriching experience that will impact the rest of my life. This well structured program walks you deeper into your faith in a variety of ways...at each turn I learned more and more about myself and the faith. ~~
Lawrence Bader

I drug myself to the Faces of Christ retreat in almost complete brokenness. There Jesus spoke to me, comforted me, and renewed my trust in Him. I'll never be the same again! ~~
Sherrie Duffy

The Faces of Christ Retreat was absolutely amazing! The experiences I had helped me to acknowledge and confront the things in my life that were causing a disconnect in my relationship with the Lord. I left the retreat with a renewed sense of who God is. ~~
Tiana Miller

I stated on my registration that I was attending to hopefully recharge my spiritual batteries. Well, I did!! I label my experience as a "cleansing effect." I would advise anyone, male or female, to attend and quickly. ~~
Don Rowe
